

## Baxter Nutrition is Back in the Distribution Channel!

Amino Acids, CLINIMIX and CLINIMIX E Injection products from Baxter are back in the distribution channel! Beginning May 24<sup>th</sup> and continuing over the next several months, trading partners have begun to restock and increase inventory in line with customer ordering. Communicate your demand to your wholesalers so they stock the appropriate product inventory.

To support the transition, these products will continue to be available for purchase from Baxter directly as wholesaler inventory returns to normal levels.
