

August 27, 2018

Dear Valued Baxter Customer:

We are pleased to inform you that **Mini-Bag Plus** Container products are now back in the distribution channel and able to be ordered through your trade partner once again.

Product Code	Product Description	NDC	Pack Factor
2B0040	5% Dextrose Injection, USP, 50 mL in Viaflex Plastic Container	0338-0551-11	80 per case
2B0041	5% Dextrose Injection, USP, 100 mL in Viaflex Plastic Container	0338-0551-18	80 per case
2B0042	0.9% Sodium Chloride Injection, USP, 50 mL in Viaflex Plastic Container	0338-0553-11	80 per case
2B0043	0.9% Sodium Chloride Injection, USP, 100 mL in Viaflex Plastic Container	0338-0553-18	80 per case

These supply improvements are a direct result of the enhanced processes and expansion initiatives we are implementing across our manufacturing network, providing us with the opportunity to increase capacity to further supply critical products to the market. We are implementing a new regional manufacturing solution to increase service levels for products in the U.S. market. In addition, we have invested in capacity expansion initiatives to increase production capabilities.

Our special import **Mini-Bag Plus** Container product remains available and now includes barcode stickers with each case to ease implementation in your hospital. The special import **Mini-Bag Plus** Single Pack Container product can continue to be purchased directly through Baxter. At this time, no other entity except Baxter is authorized by the FDA to import or distribute these products in the United States. FDA has not approved the listed products manufactured by Baxter's manufacturing facilities outside of the U.S.

To stay up to date on our progress, we encourage you to visit our website, www.baxterivsolutions.com, which has been enhanced to provide easy access to the latest information. As always, your local Baxter sales representative is available to provide direction and answers to any questions or concerns you may have.

We thank you for your continued support as we continue to enhance Baxter's IV solutions supply network. As a leading manufacturer of IV solutions, Baxter remains dedicated to our mission to save and sustain lives by ensuring patients have access to the products and therapies they need.

Sincerely,

Dennis Vaughn
Vice President, Marketing Operations
U.S. Hospital Products
Baxter Healthcare Corporation
